Haven't heard anything from the OSHA attorney yet. I'll give him a call after my 9:30 meeting this morning.

Ed,

Any updates on the agreement?

Ragan and Susan:

On Monday during our OEM Sr. Staff meeting, Larry asked me to check with you (R6) about the status of a "Site Control/Access Agreement" to the West site that is/was being worked on. Are you familiar with this? He indicated that Mark Hayes knows about this. Can you get me a status and, if such agreement has been completed, provide me a copy?

Thanks,

Gilberto "Tito" Irizarry, Director
Program Operations & Coordination Division
Office of Emergency Management
U.S. Environmental Protection Agency
